**Show Rules (When applicable)**

Exhibitors must be the registered owners and make entry in the exact names (owner and animal) as shown on the registration certificate.

Exception: Exhibitors may use the "Permission to Show" form found on the ALSA Website which grants permission from the owner on the Registration Certificate to a person who is purchasing an animal to show that animal under their own name. Exhibitors may or may not be handlers.

**Performance Classes:**

Llamas must make an attempt at each obstacle.

In adult classes, llamas must make one attempt at each obstacle. If obstacle is not completed, they should be judged accordingly and then go on to the next obstacle.

A llama or handler going off-course cannot place over an animal that completed the course.

Coaching from the sidelines by spectators is discouraged and may compromise the exhibitor's scoring.

After refusals at three obstacles, it will then be mandatory for the Judge to dismiss the exhibitor from the course. This procedure is not to be used in Youth classes without prior agreement of show management and explanation to the exhibitors.

In obstacle classes, it is at the Judges discretion whether the handler must negotiate the obstacles.

Only voice and hand commands may be used in performance classes.

No written notes may be used in performance classes.

In all packing classes, the handler and the animal must negotiate the obstacles, except loading in vehicles, and any obstacle wherein a separate handler route has been defined or provided.

Exhibitors may request the Judge provide a review of their individual score cards. Score cards may not be reviewed without the permission of the Judge. All score sheets should remain property of the Judge and only interpreted by the Judge with exhibitors on an individual basis.

Exhibitors may not view other exhibitor's score cards.
